0205-O-07	NABP Comments on ACPE Draft Standards 2016 On February 3, 2014, the Accreditation Council for Pharmacy Education (ACPE) released the Draft Standards for the Professional Program Leading to the Doctor of Pharmacy Degree (Draft Standards 2016). On May 19, 2013, during the 110th NABP Annual Meeting, an open forum session was held for members to discuss the Draft Standards 2016 with ACPE staff. Based on member input from various task force recommendations and resolutions, as well as internal research on the Pharmacy Curriculum Outcomes Assessment. (a) NABP submitted comments to ACPE on December 12, 2014	
0205-O-08	NABP Important Clarification- Kentucky Board of Pharmacy NABP would like to alert all State Boards of Pharmacy to a recent mailing referencing Michael Burleson, Executive Director of the Kentucky Board of Pharmacy. The individual listed in the mailing, Ori Heller, alleges that Mr. Burleson "was fired because of the criminal-financial crimes-accounting fraud-legal medicine crisis caused by the Narrow Scope of Pharmacy Practice (without 1000s of medical devices) in which each business transaction is fraudulent." NABP spoke directly to Mr. Burleson and the Kentucky Board of Pharmacy President, Joel Thornbury, and affirmed that the allegations are completely untrue. At the January 14, 2015 meeting of the Kentucky Board of Pharmacy, Mr. Burleson announced his retirement, effective August 1, 2015. That retirement follows 11 years of meritorious service with the Kentucky Board and absent any of the allegations being disseminated by the individual self-identifying as Ori Heller.	
0205-O-09	NAPLEX Score Report Information The National Association of Boards of Pharmacy® (NABP®) received an inquiry regarding the North American Pharmacist Licensure Examination® (NAPLEX®) Score Reports. One state encountered an error in the report template when printing the NAPLEX Score Reports for a handful of candidates. The errant NAPLEX Score Reports were accessed via NABP e-Profile Connect.

	Specifically, the Score Report template that would be populated for a passing score was populated for a failed attempt. All scores reported were correct. NABP apologizes for the confusion that this situation has caused for both the boards of pharmacy and licensure candidates involved.	
0205-O-10	NABP Recognition Resolution In May 1996, the NABP Executive Committee directed NABP to annually adopt a "Recognition Resolution" of board members, executive officers, or compliance staff that has passed away. (a) Recognition Resolution Form

<u>Comments From the Public</u>		

This concludes the Public Open Session of the meeting, and pursuant to D.C. Official Code § 2-575(b), and for the purposes set forth therein, the Board will now move into the Closed Executive Session portion of the meeting.
