Welcome

Agenda

- Welcome and Introductions
- Recap of the Previous Commission Meeting
 - Approval of Minutes
- Discussion: Commission Format
- Comments from Commissioners on Current Work
- Final Discussion, Closeout and Priorities for Next Meeting

Recap of the Previous Commission Meeting

Kristy McCarron, Chairperson, Healthy Youth and Schools Commission

Recap of the Previous Commission Meeting

- Feb. 21, 2024 Meeting
 - Main topics covered
 - Youth Risk Behavior Survey
 - Commission Focus Areas for 2024
 - Approval of minutes

Discussion: Commission Format

Discussion: Format of Commission

- Proposal for Discussion:
 - The HYSC will serve as a consultative body that provides expert feedback for community-based organizations (CBOs) and District agencies on their initiatives, policies and programs that impact the health of youth in the District.
 - The goal is that this is not duplicative of other boards/commissions that already exist and to provide real, tangible feedback.

What about this works? What doesn't?

How do you think this commission is useful to DC youth? DC agencies?
DC residents?

Discussion: Meeting Format

- Proposal for Discussion:

- Each meeting, commissioners will hear from one to two presenters seeking guidance on how their work impacts the health of DC's youth.
- Examples include:
 - A District agency is seeking input on a Request for Application being designed
 - A community-based organization is implementing a new program and needs to know how to reach their target audience

What about this works? What doesn't?

How can we increase engagement among commissioners?

Discussion: Potential Presenters

- What individuals/groups in your networks can you reach out to as potential presenters at upcoming meetings?

Commissioners' Current Work
